## Legal Entity Professional Liability Coverage

This policy responds if your business name is brought into a statement of claim or lawsuit alleging negligence or malpractice. Following an incident, a client's legal counsel will commonly name all individuals involved in the client's care, including the business or clinic as the larger provider of services. A Legal Entity Professional Liability insurance policy protects your business assets in these circumstances.

Business owners should consider purchasing this coverage if other professionals (for example, co-owners, employees, associates) are working for or on behalf of your business and/or billing under your business name. Note that you do not need to purchase Legal Entity Professional Liability insurance for administrative staff.

**Each professional within the clinic must carry minimum \$2,000,000 individual Professional Liability insurance.**

Coverage limits match and are shared with the Professional Liability insurance option selected. **Price \$108**
